

Grants Management System Implementation

Business Challenge

Our client is a Philanthropic Organization and National Community Foundation wanting to replace their legacy grants management system with a new grants management system to support current and future business demands related to scalability and data integrity. Our client needed assistance with business requirements gathering and system implementation, integration and data migration to ensure all downstream business processes

The key issues that faced our client were:

- Operations Scalability
- Data Integrity and Management
- System integration
- Increasing cost of system maintenance
- Concerns with system features to support ongoing operations

Client & Engagement Quick Facts

- Project Duration: 6 months
- 30,000+ grants
- Led business requirement discovery and design
- Successfully managed client and vendor to configure, test and implement the new system
- Successfully migrated over 30,000 grants from the legacy system to the new system

Our Solution

Kenny & Company provided its project management and experience in technology implementation to guide our client in successfully designing, implementing and integrating their new grants management system. We implemented key project management techniques to successfully migrate over 30,000 grants from the legacy system and integrate with two existing systems to ensure a seamless system launch.

Business Benefits

Our client is now able to support current and future business demands while also reducing ongoing system maintenance costs by transitioning to a SaaS-based product. Our client can leverage the streamlined project management and testing playbook for any future feature enhancements or system implementations.

About Us

Kenny & Company is a management consulting firm offering Strategy, Operations and Technology services to our clients.

We exist because we love to do the work. After management consulting for 20+ years at some of the largest consulting companies globally, our partners realized that when it comes to consulting, bigger doesn't always mean better.

Instead, we've created a place where our ideas and opinions are grounded in experience, analysis and facts, leading to real problem solving and real solutions – a truly collaborative experience with our clients making their business our business.

We focus on getting the work done and prefer to let our work speak for itself. When we do speak, we don't talk about ourselves, but rather about what we do for our clients. We're proud of the strong character our entire team brings, the high intensity in which we thrive, and above all, doing great work.
